

# SPRINT - 1

## Working with Jira Software

Team ID	PNT2022TMID36465
Project Name	Traffic and Capacity Analytics of Major Ports
Maximum Mark	2 Mark

The screenshot shows the Jira Software interface for a project named 'Traffic and Capacity Analytics of Major Ports'. The 'Backlog' view is active, displaying two sprints. The first sprint, 'TCAMP Sprint 1' (Nov 1 - 4 Nov), has two issues: 'TCAMP-1 Understanding the dataset' and 'TCAMP-2 Loading the dataset', both in 'WORKING WITH DATASET' status. The second sprint, 'TCAMP Sprint 2' (Nov 5 - 10 Nov), has one issue: 'TCAMP-4 Convert the data into required format' in 'PREPARING DATA & EXPLORATION' status. The interface includes a sidebar with navigation options like Roadmap, Backlog, Board, and Code, and a top navigation bar with filters and search.

The screenshot shows the 'Edit sprint: TCAMP Sprint 1' dialog box in Jira Software. The dialog box contains the following fields: 'Sprint name' (TCAMP Sprint 1), 'Duration' (custom), 'Start date' (11/1/2022 1:00 AM), 'End date' (11/4/2022 1:00 AM), and 'Sprint goal' (Preparing, Understanding Dataset). The background shows the same Jira Software interface as the previous screenshot, but the dialog box is in the foreground.

TCAMP board - Agile board - Jira x IBM
